

The month of September is past, and fall is quickly approaching. At Vistabeam, we just wanted to let our customers know what we have lined up for fall and what we've done this summer.

NEW TOWERS OFFER HIGH SPEED INTERNET IN NEW MARKETS:

Our three newest towers near Albin and Pine Bluffs, WY and Dix, NE are all online and ready to serve. Through these access points, along with our access point at Llama Hill, we are able to service a large portion of Banner and Kimball Counties in Nebraska and much of southeast Wyoming.

PRO SERVICES STILL GROWING:

Vistabeam's PRO Services are our higher-speed Internet packages of 1 Meg and higher. These packages are perfect for people who upload and download a lot of information to and from the Internet. They are also great packages for online gamers and for those who would like to take advantage of Vistabeam's VoIP phone service. PRO Service is now available in Chugwater, Fort Laramie and Lingle, WY.... and we aren't done yet. Hawk Springs, WY and our KMOR tower sites are next on the schedule for updates. We'll keep you posted. If you live in one of the areas where we have added higher-speed capacity and higher-speeds interest you, please give us a call at 308-635-9434 or toll free at 888-251-0920.

BUNDLES ARE FINALLY HERE!

WEBSITE UNDER CONSTRUCTION:

You may have noticed some changes to our website recently. We are in the process of redesigning. This will be an ongoing process for the next month or two, so check it out regularly to see what changes we're making. We would like to have a "testimonials" section on the new sight and are looking for some new "testimonials." If you have a great experience with Vistabeam, we'd love to hear about it. If we were able to provide speeds that you thought you'd never thought possible at your location, let us know. If someone on our staff went above and beyond to help you with an issue, help us recognize him or her. If you have a testimonial for Vistabeam and wouldn't mind us posting it on our website, please send it in an email to rich@vistabeam.com and, in the subject line, type "testimonials". Thank you!

As the leaves begin to change color and the crops are harvested, our staff would like to thank you for coming home to Vistabeam for your Internet service. We are proud to serve your Internet needs and look forward to serving you in the future!
